

## Fire Resistant Encapsulate Undercoating

PIPE DREAM INDUSTRIES IS REDEFINING THE STATUS QUO.

### Benefits:

- Class "A" Rating in Accordance With ASTM E84
- One-Part Application
- Saves Substantial Labor Costs
- Multi Use

### Fire Resistant

Beyond 1,650°C/3,000°F  
(Forest fires are ~800°C/1472°F)

### Internal & External

Internal & External Applications

### One-Part Application

No need for other top coats/primers  
to achieve properties

### Scratch Resistant

4.5H v 1H

### UV Resistant

Only 34% degradation after  
10,000 hours of exposure

### ULTRA LOW VOC / Carbon Negative

Eco-Friendly

### No Foam Reaction

No foam reaction when subjected to flames  
(reducing dangerous chemicals into the air)

### Encapsulating Properties

Replaces the need to use other  
conventional encapsulating paints

### Usable On Multiple Materials

Use on OSB, Drywall, Wood, Concrete, Metal,  
Steel, Timber Beams etc

### Application:

Conventional/Airless Spray, Brush/Roller

### Coverage:

200-250 sq. ft./gal (5.5-7.5 m<sup>2</sup>/L)

### Anti Static

10<sup>3</sup> s/m - Eliminating static discharge

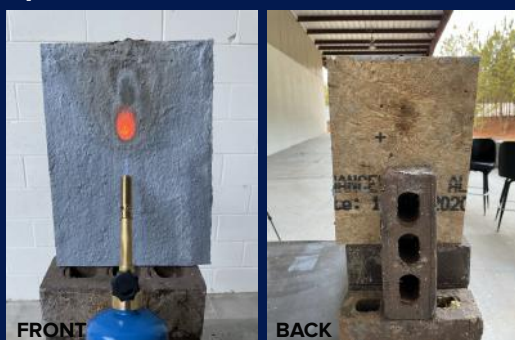

### Corrosion Resistant

Prevents the corrosion of metals

## Flame Test 2,000°C/3,632°F - Propane Torch On OSB After 2.5 Hours:
